Tag Card – General Measurements:

- Card base – 5 ½" x 8 ½", scored 4 ¼"
- Designer Series Paper Mat for front – 4" X 5 ¼"
- Tag Piece for inside – 4" x 9", scored every 2 ¼" (2 ¼" – 4 ½" – 6 ¾")
- Designer Series Paper for tags – 2" x 3 ¾"

How to create the tag piece for inside:

- Burnish score marks to create "W" shape
- Hold together and cut through card stock to create "tag" shape
- You can use the first side you cut away as a template for the other side, just flip it over
- Trim designer paper to match tag and adhere to each tag
- For hole for bakers twine, linen thread, ribbon, etc. – using scrap of card stock punch 4 holes with paper punch, then using your ½" Circle punch, punch out a reinforcement piece.
- Punch small hole in each tag, add reinforcement then twine.
- Or for hole for twine, add ½" circle punch to tag then punch the inside hole, add twine
- To adhere "tag" to inside of card base, fold tag piece together, in the inside of the card base center one side of the "tag" about ¼" from side edge and in the middle top to bottom (with the same amount of card base showing top and bottom of the tag), add liquid glue or another strong adhesive to the exposed tag and press other side of card base to the tag – this will adhere one side, flip card base over – adhere favorite adhesive to the other side of the tag and close card – this should adhere the tag piece to the inside of the card base.
- When you open the card base and lay it flat, the two inside tags should be forming a tent, while the two outside pieces should be adhered to the card base
- Decorate tags as desired

Elements for card front I made include:

- 2 ¼" circle punch – Silver foil and Night of Navy card stock
- 2" circle punch – Very Vanilla card stock, stamped with Night of Navy ink for greeting
- Vellum card stock for coral die cut image
- Soft Suede card stock for rope & wheel die cut
- Silver foil for anchor
- Very Vanilla card stock stamped with Night of Navy with lighthouse image

Elements for the tags include:

- Very Vanilla card stock stamped with Night of Navy with boats and compass
- Soft Suede card stock for rope knot & wheel die cut
- Vellum card stock for coral die cut image
