Card with a Box – 5 ½" tall version: - this is based on my Card with a Box that is based on a horizontal card 4 ¼" tall by 5 ½" long – Sample above is using the Gilded Autumn Specialty Designer Series Paper.

- Card base = 5 ½" x 10 5/8", scored at 4 ¼"
- Box – 8 ½" x 10 ½"
 - Score 8" side at 2" – 4" – 6" – 8"
 - Score 10 ½" side at the 2" mark on both ends
 - Layers for the box:
 - Card stock mat or Designer Series Paper – 1 ¾" x 5 ¼" – need 3 of these for the sides
 - Inside layer if using card stock mat – 1 ½" x 5" – need 3 of these for the sides
 - Card stock mat or Designer Series Paper – 1 ¾" x 1 ¾" – need 2 one for top & bottom
 - Inside layer if using card stock mat – 1 ½" x 1 ½" – need 2 one for top & bottom
- Directions on how to put the box together:
 - Burnish all score lines of the box, cut along the score marks at the top & bottom of box.
 - On the 8 ½ side, cut the small rectangles off on the ½" wide strip
 - Put box together using liquid glue or Stampin' Seal, only closing bottom of box
 - Adhere ribbon around 2 sides and bottom
 - Adhere designer paper on three sides and bottom, this hides ribbon on the side and bottom, the back of the box does not get designer series paper, this is what is attached to the card
 - Once card is completed, fill box and tie ribbon into a bow
- I have included the instructions for the Horizontal card as well, featuring Flowers for Every Season Designer Series Paper and the Celebrate Sunflower Bundle.
