## Instructions:

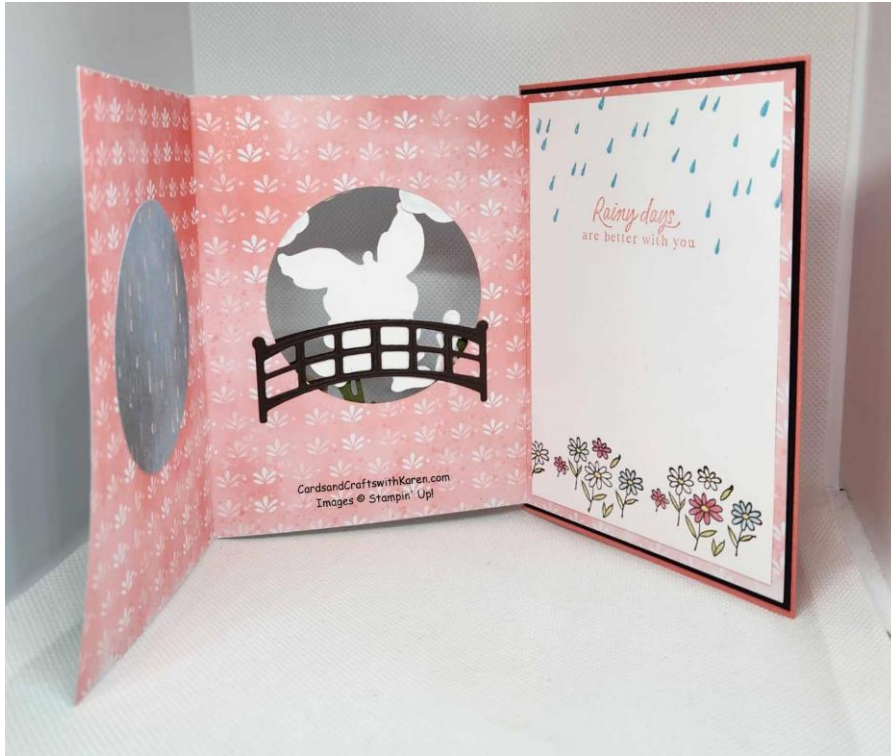

1. Cut piece of Flirty Flamingo card stock - 4 1/4" x 5 1/2" for card base.
2. Card stock mat of Basic Black card stock - 4 1/8" x 5 3/8", adhered to card base.
3. Designer Series (Patterned) Paper - 5 1/4" x 12", scored at 4" and 8"
4. Fold and burnish score lines, die cut circle on the middle section of designer paper. With the side of the paper you want on the inside and with the die cut in the middle, adhere right side of the designer paper to the card base.
5. Fold left side of designer paper in, then fold again to close card. Add the die cut circle. (See the photo at the end of the inside of the card)
6. Decorate front - I've used adhesive sheets on the bridge, which I die cut twice and added to both the inside and outside for stability. Bunny is die cut from designer paper, then a Basic White bunny die cut and added to the back (this way the back is white when the card is open. Both clouds and water are stamped in Memento Black ink, with a little Balmy Blue Stampin' Blend Marker around the inside of the images for depth. Greeting is from the Artistically Inked stamp set.
7. Basic White cards stock for inside - 3 3/4" x 5". Rain drops stamped in Balmy Blue ink and greeting stamped with Flirty Flamingo ink. Flowers, use Memento Black Ink and color with Stampin' Blend Markers.
