Accessories:

Moody Palette Glossy Dots 167180

Multipurpose Liquid Glue 110755

Stampin' Dimensionals 104430

Paper Trimmer 152392

Use the card shown as a guide, and create your own with the supplies you have:

1. Crushed Curry card stock is 5 1/2" x 10", score on the 10" side at 4 1/4", 5 1/4", 7 1/4" and 8 1/4". Flip over so the scores start on the left side with the last score line being the middle of the card base.
2. Fold and burnish all score lines. Fold over and add adhesive to the first section and close card to adhere (paper does not go all the way to the fold line). Test drive the folds before adhering to understand the fold.
3. Add Homemade Sweetness Designer Series Paper – 1 3/4" x 5 1/4" to the box portion of the card base. Decorate as desired!
4. Misty Moonlight card stock – 2 1/8" x 5 1/4" added to the front right of the card.
5. Basic White card stock – 1 7/8" x 5" – stamp greeting of your choice, add images cut from the designer series paper with liquid glue, then to the Misty Moonlight card stock.
6. For the back of the card – Basic White card stock 3 3/4" x 5" (or desired size)
7. Add embellishments of your choice to card front.
